The holidays are upon us and here at TABOO we are ready!

We have such a beautiful array of de-lightful, submissive flesh to keep you warm on those frosty winter nights.

Cosplay cutie River Fox, a newbie to the scene, bundles up nicely in her thigh-high ballet boots. She can't keep her hands off of herself, so the hogtie helps to train her properly. The little fox that she is, she loves to beg, especially for cock.

Alina Lopez, with her gorgeous, blue eyes, cinches into the perfect present. And what a gift she is! Left in rope suspension to contemplate her fate, finally she can take no more and her bladder bursts, spewing forth her golden nectar. Yummy.

Avi Love, what a treat! Her lean, luscious, muscled legs slip into seamed nylon stockings delectably. A better pair of gams we have not come across in many a moon. Enjoy! —Cynthia Patterson, Creative Director

When did you start doing porn?

About a month ago.

Tell us about that.

I really liked the idea of experiencing porn, and I really enjoy having a wild sex life!

Have you found it to be wild in the porn business?

Yes.

What other things do you like about being in porn?

I like to explore new things in my sex life, and porn helps me figure out what I like and what I don't like.

Do you feel comfortable in porn with professional actors?

Yes.

Do you have any personal fetishes?

I really like animal fetish and DDLG, child play.

Tell us what that is.

DDLG stands for "daddy dominant little girl." I like to be submissive in the bedroom, and both pet and child play tend to really bring that out.

Do you have a DD in your personal life, or are you able to enjoy it in your porn life?

No. I don't have a DD in my personal life, but I do enjoy it in porn. I usually ask partners if they are into it.

What are some of the things you do in DDLG?

I usually dress up like a little girl and ask permission to suck dick.

Have you ever done dominant things to men or women?

Not really. But I've choked people before.

Do you do anal?

Yes, and I like it a lot!

What's the kinkiest thing you've ever done, in your personal life or porn?

Being strapped down to my ex-boyfriend's bed, blindfolded, with a ball gag, and he fucked me. In porn, hog-tied with lace-up boots.

Have you ever been pissed on or pissed on someone?

No. I would consider pissing on someone else, but not vice versa.

Do you consider yourself bisexual?

Yes. I realized I found girls hot when I was in middle school. That's when I knew I found women to be attractive, just as I did men.

URINATION NATION

PHOTOS BY MATTI KLATT

The boss isn't pleased to find his expensive new toy giving one of his bodyguards a BJ. He orders the wayward henchman to take Brooklyn out back and teach her a lesson. She looks mighty fine splayed on the hose real with her parts clearly exposed below her corset, but he knows better than to listen to her pleas. He whips her ass hard and long, and when he finally takes her down, he cranks on the tight nipple clamps. He needs to leave some proof, so he strips her naked and uses the vicious dressage whip on her thighs, buttocks and cunt while she squirms and howls.

He'd love to fuck her now, but that would be a mistake. Instead, he probes her cunt and asshole with gloved fingers, and when she pleads with him to get her off, he stuffs a ring gag in her mouth and hammers her insides with a dick-on-a-stick. Brooklyn sweats and drools and whines, squirming when he uses the hand-dildo on her. It's inevitable. She's going to come even though her tits sting and her ass burns. That's not supposed to happen, but there's only so much a person can resist. Afterward, she begs him to let her piss, her bladder bursting with pent-up fear and lust. She looks at him with pitiful gratitude as the streams squirt on the ground, her mouth open and waiting to demonstrate her appreciation. They'll both get it even worse this time, but some things are worth the risk.

When did you start fetish modeling?

This was my first legit fetish shoot.

Did you enjoy yourself?

Yes! I got so turned on!

Did you find anything surprising today?

I came into the shoot with a clear mind and no expectations, because I didn't want to stress myself out...but I was so excited to be submissive! I enjoyed using the nipple clamps and cuffs and having to submit.

Do you have any personal fetishes?

Not really. I like to be spanked though.

How did you get so flexible?

I was a gymnast as a kid. Then I did cheerleading and dance, and now I practice yoga. I try to stretch out every day, if I can.

Were you a cheerleader in high school?

No, actually I did a "cheer club," which was a lot more competitive than school cheerleading. We used to make fun of the school cheerleaders.

How long did you do that?

Up until my first year of high school. Then I got kicked out because I was being a brat and took it too seriously.

Were you already sexually active when you were in the cheer club?

Yes.

Did you ever have sex with your boyfriend wearing your cheer outfit?

Yep. I think I did. LOL

When was your first time being spanked?

It was pretty early on in my sexual years. It was like the first time I ever did doggy-style, and the guy I

was fucking just started to slap my ass. I really liked it! Still, to this day doggy-style is my favorite position.

Have you ever been pissed on or pissed on someone?

I recently pissed in a guy's mouth when I was on set. It wasn't planned.

What is the wildest thing you've ever done on or off camera?

I've had a lot of public sex—in parking lots and at concerts.

Do you like to be watched?

Yes, I love being watched! That's one of the reasons why I love doing porn, because I love to be watched. I've always been an attention whore!

Do you like wearing sexy things to get attention when you go out?

Oh, yeah! I love wearing sexy, see-through stuff, especially in the most inappropriate settings. Family dinner at a really nice restaurant, and I will go with sheer pants and a thong! I love the stares that I get from people.

How long have you been modeling?

Ever since I was a toddler. I modeled a Christmas dress at a Nordstrom fashion show. I always loved the attention!

Are you more interested in the art of fetish modeling or the sex of fetish porn?

Both! I love sex, and I also love modeling!

Are you in a fetish lifestyle partnership or would you like to be?

No. I haven't had a lot of boyfriends. Only two.

What would you like your fans to know about you?

People are always surprised when I tell them that I was raised Mormon! LOL

ANAL ADVISOR

by Tristan Taormino

PHOTOS OF FLICK AND JOEY BY LEE FORBES

dear anal advisor

In a previous column regarding dildos and vibrators, you advised readers to "make sure the vibrator is long enough (over seven inches) for penetration and has a flared base." While a longer instrument may be more satisfactory than a shorter one, real life doesn't always treat us so kindly. My penis is 5½ inches long, and the same in circumference, making it about 1.8 inches thick when erect. In other words, it's short and thick. In fact, 52% of men have erect penises with lengths of less than six inches. Only 4% of men have a penis length of seven inches or more. My source is the Kinsey Report, circa 1950. I doubt if there have been any radical changes in average male anatomy since then. Is a 5-to-6-inch penis too short to give adequate stimulation to my anal partner? Can it reach and massage the G spot? Are any positions particularly recommended for shortening or compressing the anal channel to bring the sensitive surfaces within reach?

—short
and thick
in Iowa

dear short

You've obviously done your own research on the subject of anal pleasure and given these matters a great deal of thought. While some people prefer longer objects in their asses, others are quite content with a member of your size. It's really all a matter of individual taste, which is why one person might select a long, slender, vibrating anal probe to bring herself to orgasm, while another might choose something short and fat, like a robust butt plug, for

that ideal push over the edge. It just depends what you like. Know that a five or six-inch penis absolutely can stimulate a person's ass just fine. Equally important, you can easily reach the G spot in women, which is located just a few inches inside the rectum. In fact, I encourage most men who are using their cocks to stimulate the G spot not to penetrate fully, since you may slide right by it otherwise. Putting the receptive partner in doggy-style position (or what I call modified doggy-style, where the head is down and the ass is in the air) affords you a perfect angle to hit the G spot and gives you the opportunity for deeper penetration. You can't actually "compress the anal channel," but you can get in there deeper at that angle. Please don't feel like your cock is inadequate. Short and Thick. As long as you know how to use it, you can bring your partner plenty of pleasure.

dear anal advisor

I have a new girlfriend who is very anal. She likes to be fingered in the ass and sometimes fucked in the ass, and I am more than happy to oblige. However, she is also kind of into shit. I am not turned off by it, but I am concerned about the health aspects. I'm not talking about shit-eating or shit-smearing, but she does get turned-on by the feelings she has while defe-

cating, and also by telling me about it. She'll get on her knees with her ass in the air, so that I can lick and sniff her asshole from behind. I enjoy it, but she likes to do it especially after she's just finished taking a crap. I'm turned-on by it, and I know she cleans up very carefully, but I can't totally relax and enjoy myself because I'm worried about getting ill from tonguing her. We've done it a few times with no bad results so far. Is this okay healthwise?

—help, I have
a scat-loving
girlfriend

dear help

It sounds like your girlfriend is one kinky chick, but you also sound like a guy who's ready to go along for the ride. Her obsession with shitting, telling you about it, and having you orally service her afterward is a moderate form of a scat fetish. Most scat players like to play with shit and eat it as well. There are two ways to play responsibly and safely in this situation. She can take a dump, then wash her behind (or give it a swipe with a baby wipe), making the area cleaner and free of surface bacteria. Then, when you lick it, especially just externally, the risks of you contracting anything from her are relatively low. The fantasy of you tonguing her dirty little bum remains intact, although you've taken the necessary steps to make the experience safer. However, it may be part of the turn-on for her to actually move directly from the toilet bowl

to your face. If so, when you work your lips around her butthole, things could be a little more risky. Anytime you come into contact with another person's fecal matter, there is a risk of transmission of STDs, HIV and hepatitis, as well as any gastrointestinal bugs that your lover may have. It's up to the two of you how potty-centered you want the fantasy to be. It sounds like you'll be more apt to relax if she cleans up carefully and just tells you that her ass is smelly and messy. Sometimes the power of suggestion is just as hot as the real thing.

dear anal advisor

Is it safe to squirt milk up your ass using an ejaculating dildo and then shoot it out again? Is it safe to stick candles up your ass? If so, how many?

—ejaculating up my ass

dear ejaculating

It sounds like you've been spending a little too much time at the crafts center. Lots of people enjoy using ejaculating dildos in their asses, and I know that some of these squirming dongs have a "recipe" for homemade ejaculate right on the box (usually condensed milk). Keep in mind that whatever you shoot up your ass can

be directly absorbed by your bloodstream, potentially making you sick. I never recommend exotic enemas that contain anything beyond plain, warm water. I say, use plain, warm water to be safe; it doesn't offer the same kind of spooging visual, but it does feel the same. As for the candle question, it reminds me of a series of pictures by fetish photographer Richard Kern of women with lit candles in their bums. While the shots were clever, they were ultimately done for art's sake, and not really something I can give the thumbs-up to for the average person. Candles do not have flared bases, and there is a danger of having one get lost in your plumbing, unless it's extremely long. More importantly, they're hard and waxy, and who wants that in your ass when you can have a flexible, smooth butt plug or dildo that will feel much better and won't have you shitting out wax shavings afterward?

When did you start fetish modeling?

I think my first fetish modeling was a foot fetish video. It was fun. It was interesting. I wasn't into feet but the model was nice and fun.

What kind of fetishes do you like, and do you have an interest in fetish in your private life?

I actually don't have any fetishes that I know of. I'm very open-minded though.

Why did you want to shoot for TABOO?

I think it's interesting, and I love the photos!

Have you ever been spanked?

Yes, and I love it!

When were you spanked?

When I got into porn the talent spanked me, and I realized how much I liked it.

What is the wildest thing you've ever done on set or in front of a camera?

Double anal on set. It was a gang-bang.

Did you already have experience doing anal before porn?

Yes, I did it with my first boyfriend in high school.

Have you ever been pissed on or pissed on someone?

No.

Are you more interested in the art of fetish modeling or the sex of fetish porn?

I'm more interested in the art of it, like using the rope and being tied up is very artistic.

Have you ever done rope bondage work before?

Yes. I enjoyed it. It was a lot of fun.

How did it make you feel to be restrained like that?

It was exciting to be pleasured forcefully.

Are you in a fetish lifestyle partnership or would you want to?

I've never been in one, so I'm not sure if I would want to or not.

HANNAH AND PANDORA
PHOTOGRAPHER
LEE FORBES

Hannah grinds the bit, perspiration rising from the evil bite of the clothespins decorating her tit-flesh. They're just a warm-up. Pandora knows the fit, strapping, blond slut can take a lot. They both like testing her. Snapping the pegs off with her crop, Pandora enjoys the nervous clatter of Hannah's boots on the concrete. Hannah's big, blue eyes plead so eloquently. Much could happen to a girl in her situation. She whimpers sweetly, arching out to Pandora's educated touch. How much will she endure for permission to come? Already spasming, Hannah knows she's going to find out anyway.

Splayed on the wheel and rolled head-down, Hannah still can't forget about her rubber-packed pussy, even as the thin, stingy riding-whip slashes down over and over on her tenderized meat.

A photograph of two women in a sexual scene. One woman, with long dark hair, is bent over, her back to the viewer. She is wearing a black leather top and shorts, and is holding a black leather whip. The other woman, with blonde hair, is lying on her back, looking up. She is wearing a black leather harness with red leather straps. They are positioned against a dark background with metal chains visible on the right side.

Red-faced and dizzy, she pants for the privilege of sucking Pandora's juices. Who could refuse such conviction? On her knees, striped chest heaving, crimson ass wriggling in the air, Hannah's a splendid spectacle. She's earned herself a good fucking, but Pandora makes it a challenge.

Opened wide by the sling, arms stretched achingly overhead, the big blonde offers a choice of holes for probing and prodding, the better to extract more orgasms and promises. She likes it best when both her openings are equally stuffed. Hannah's really a good girl, when you put the right spin on her.

Got milk? Oh yes we do! The beautiful submissive Aali Kali can't turn off the juice once she gets started. You will be amazed at her lactation prowess. Fans of breast cream don't want to miss her displaying her nourishing nips.

Ella Hughes makes her debut. This sparkling English lass is in quite a predicament. She begs to play in the jacuzzi. Much to her dismay, she's not able to use the jets on her tender pussy. Why? She's all locked up in her new chastity belt! Poor thing.

More fetish girls, pissing princesses and bound beauties, so don't miss out. See you next year!
